Large lots and extensive views set Uplands Ridge apart. Hiking trails to the peaks of Rock Mountain and Chimney Top, two of the area's most iconic summits, are right outside your door. The neighborhood is surrounded by conservation easements for added privacy, seclusion, and natural beauty. A true feeling of solitude only minutes away from exquisite dining, state-of-the-art amenities, and a showstopper Fazio golf course.

*Uplands Ridge is the last planned release of development land at High Hampton.*
